It is important that your grant is used effectively and based on school need. The [Education Inspection Framework](#) makes clear there will be a focus on ‘**whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school**’.

Under the [Quality of Education](#) Ofsted inspectors consider:

Intent - Curriculum design, coverage and appropriateness

Implementation - Curriculum delivery, Teaching (pedagogy) and Assessment

Impact - Attainment and progress

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects; the school’s budget should fund these.

Please visit [gov.uk](https://www.gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to [publish details](#) of how they spend this funding, including any under-spend from 2021/2022, as well as on the impact it has on pupils’ PE and sport participation and attainment. **All funding must be spent by 31st July 2023.**

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st

PE at Brotherton and Byram Community Primary Academy has evolved over the years; it is our mission to ensure all children become healthy and active adults. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

We want to provide as many opportunities for our pupils as possible so that they leave Brotherton and Byram Community Primary Academy physically literate and have a life-long desire to take part in sport and live a healthy lifestyle.. PE is offered to pupils in EYFS, right through to Year 6. We offer extra-curricular clubs throughout the year, targeting the whole school in a range of activities. As well as having a specialist PE coach in our school every week, we also seek PE and physical activity provision from external providers within the local community. With so much participation and enthusiasm for sport, we also enter as many competitions as possible, allowing children to take their sporting passion to the next level. We do this through buying into the Selby School Sport Cluster Primary Partnership.

We believe that staff have a passion for teaching PE and regular CPD opportunities are available and offered to staff. We have a specialist sports coach who delivers PE and promotes the benefits to pupils on a daily basis. Having a specialist sports coach allows the pupils to benefit from specialist lessons and also for staff to observe good practice. We have found that this also gives more pupils the chance to train for and enter competitions. Our specialist coach is also our passionate subject leader who is always seeking new opportunities for our pupils and a Senior leadership team who recognise the importance of an active lifestyle. With the funding available from the government, Brotherton and Byram Community Primary Academy sees this as an opportunity to build upon and create a legacy for ALL of its pupils. We plan on spending the money in a way which benefits all pupils and staff, not just now, but also in the future. We want to create capacity to offer a sustainable programme of sport.
